## **Lights Out: A True Story of a Man's Descent into Blindness** Subramani L.

An inspirational book about one man's descent into blindness and his fight to live a normal life after it. Lights Out deals with the author's gradual, incurable, and rather debilitating process of going blind, the impact of slow loss of vision, the total cluelessness of the situation, and how he overcomes the condition. The author suffers from Retinitis Pigmentosa, a condition that affects about one in 300 in India and other developing countries. Most patients experience blindness quite suddenly and reel from its impact. The book details the difficulties of trying to live a normal life despite disability and will inspire you to turn your weakness into a source of strength.
