*Once a cheater, always a cheater?*

From the moment Will and Sarah first set eyes upon each other, they know that what they have is special.

There's just one little problem . . . each of them already has a significant other.

After flirting with danger, it becomes clear their passion is too strong to be denied. But even if they make their relationship official, there are plenty of challenges in store. Will leaves for college at the end of the summer, while Sarah faces her senior year of high school in their small suburban town. Long-distance relationships always come with their fair share of troubles—mismatched schedules, jealousy, and temptation are only the beginning.

*Can cheaters ever change?*

WHILE YOU'RE AWAY is a steamy story about a love triangle, a long-distance relationship, and learning the true meaning of commitment.
