**Antropología paso a paso (Mundo y Cristianismo) (Spanish Edition)** José Ramón Ayllón

La inteligencia hace del Homo sapiens un animal inverosímil, amasado de carne y espíritu, anclado en la familia, el trabajo, la amistad y el amor.

El ser humano es también un animal ético y estético, político y económico, con una libertad que le permite ser contradictorio: ha inventado la música de cámara y la cámara de gas, al tiempo que ha entrado en ella con paso firme, musitando una oración.

Con estos mimbres esenciales, José Ramón Ayllón ha tejido Antropología paso a paso, una sugerente introducción a la Filosofía.
