The novel is set in 1969 Kuala Lumpur, against a backdrop of political turmoil and social changes. Married to wealthy, conservative Henry, English literature graduate Li An is torn between the comforting lull of a secure world and the seductive erotism of the unknown, foreign spaces. When tragedy strikes on the personal and societal levels, Li An and her young friends find their lives turned upside down, and each must make decisions that will have far-reaching repercussions. Masterfully evoking the passions and struggles across three nations and decades, this book weaves a poignant fabric from the complex threads of human identity, friendships, and gender relations, all of which are utterly inextricable from the others
