The Cold War is over. And chaos is setting in.

The new President of Russia is trying to create a democratic regime. But there are strong elements within the country that are trying to stop him: the ruthless Russian mafia, the right wing nationalists, and those nefarious forces that will do whatever it takes to return Russia to the days of the Czar.

Op-Center, the newly-founded but highly successful crisis management team, begins a race against the clock and against the hardliners. Their task is made even more difficult by the discovery of a Russian counterpart . . . but this one's controlled by those same repressive hardliners and represents everything Op-Center stands for.

Two rival Op-Centers, virtual mirror images of each other. But if this mirror cracks, it'll be more than seven years of bad luck . . .
