One Small Barking Dog: How to Live a Life That's Hard to Ignore Ed Gungor **Small Is the New Big**

In this humorous, insistent book, Pastor Ed Gungor demonstrates that the world is changed most by ordinary people—the "small dogs" of the human race. Small dogs may not run the world, but neither can the world tune them out. If it weren't for small dogs, the world might be a quieter place, but it would certainly be a needier one.

With chapters like "Dare to Be Small," "Fight the Big-Dog Lie," and "The Bark of Faith," Gungor challenges the notion that earthly prominence, status, and power are essential to significance. Reminding us that small is the new big, he inspires us to fall in love with life—the everyday, normal kind—and shows us how to make an eternal difference.

Living a Life That's Hard to Ignore

The thing about small, barking dogs is that they can't be ignored. They may not be show-dog material or win outstanding awards, but through their persistence and insistence they make themselves known.

Only a handful of people ever achieve notoriety and "greatness," but the energizing truth of *One Small Barking Dog* is that every single one of us can change the world. *New York Times* bestselling author Ed Gungor debunks the big-dog lie and clearly teaches "ordinary" people how to live out their faith in a way that not only changes the world we live in now but that affects lives for eternity.

By the time you finish this book, you won't be worried about being small. You'll be ready to take on the world. You'll know how to live a life that can't be ignored.

Whether you've just graduated from school or you've been at this life for many years, Ed Gungor's concrete principles and simple life wisdom will show you new ways to make a big impact on your world.
