Ida Louise Osterbach survived Indian and range wars and the murder of her husband. She's kept the farm going through sheer grit and the help of her cousin, a friend and two farm hands. She's managed a profit, paid the mortgage and re-paid the crop loans. Hard working, focused, fiercely proprietary, the last thing she has time for is romance.

Jared Buell—widower neighbor and wealthy rancher—was never particularly charitable when it came to farmers, even eye-catching ones like Ida. He's not looking to start trouble or anything else with her. His comfortable existence needs no complications, thank you very much. Then an old nemesis comes to town and threatens his and Ida's property. He has no choice but to get involved.

Experience this action-packed romp through 1895 Wyoming where an outlaw schemes to take over the town and Ida and Jared find love when they least expect it.
