This is the fourth volume of Dr. Justin Glenn's comprehensive history that traces the "Presidential line" of the Washingtons. Volume One began with the immigrant John Washington, who settled in Westmoreland Co., Va., in 1657, married Anne Pope, and became the great-grandfather of President George Washington. It continued the record of their descendants for a total of seven generations. Volume Two highlighted notable members of the next eight generations of John and Anne Washington's descendants, including General George S. Patton, author Shelby Foote, and actor Lee Marvin. Volume Three traced the ancestry of the early Virginia members of this "Presidential Branch" back in time to the aristocracy and nobility of England and continental Europe.

Volume Four resumes the family history where Volume One ended. It presents Generation Eight of the immigrant John Washington's descendants, containing nearly 7,000 descendants. Future volumes will trace generations nine through fifteen, making a total of over 63,000 descendants. Although structured in a genealogical format for the sake of clarity, this is no bare bones genealogy but a true family history with over 1,200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others, great and humble, who struggled to build that country.

Volume Four, Part One covers the descendants of the immigrant John Washington's child Lawrence Washington. Volume Four, Part Two covers the descendants of the Immigrant's children John Washington, Jr., and Anne (Washington) Wright.
