**Translated by Natasha Randall**

**Foreword by Bruce Sterling**

Written in 1921, *We* is set in the One State, where all live for the collective good and individual freedom does not exist. The novel takes the form of the diary of mathematician D-503, who, to his shock, experiences the most disruptive emotion imaginable: love. At once satirical and sobering—and now available in a powerful new translation—*We* is both a rediscovered classic and a work of tremendous relevance to our own times.
