Falling to Heaven: The Surprising Path to Happiness James L. Ferrell

As incredible as it may sound, much of the sadness and frustration we feel in mortality is actually created by our well-meaning efforts to find happiness. Relief from this predicament can be found through a divine gospel paradox that rescues us from failed roads and puts us on the surprising path to happiness.

Through engaging stories and fresh, invigorating gospel insights, James Ferrell has written a book that challenges our unquestioned and perhaps mistaken assumptions about many of life's fundamental concerns. For example, what if happiness depends less on forgiving ourselves than on giving up that quest? What if repentance is even sweeter than forgiveness? What if neither happiness nor heaven can be reached by climbing?

Falling to Heaven is an account of a gospel that's specifically designed to change our minds and transform our hearts. It is an account of the truths of Christ that really do set us free.
