"When you're lost... True North"

The North brothers were hell on wheels-adrenaline-junky bad boys. You'd think they had a death wish – every one of them – but they didn't really, they just got off on the thrill of pushing every limit, that gravity or any other force told them they couldn't conquer. What they weren't prepared for were the women that would steal their hearts.

Book 1 True North Finding Home Livie and Jake

Livie Morrisey is dreading seeing Jake after his heroic homecoming from Afghanistan. She's been in love with Jake North since she was a little girl, but he was three-and-a-half years older than her and her big brother's best friend. She was always nothing but the off-limits little sister – until the night before Jake left for the Army, when he'd given her her first kiss. They'd kept in touch for a year, but once Jake was deployed to Afghanistan, he'd cut off contact suddenly and she'd never heard from him again. For the past three years Livie has kept herself distracted with homework and her university studies, but now Jake's going to be up close and personal. And Livie can't decide if tonight's finally the night to prove to Jake she's all grown up or the night she should let him go forever.

Each book in the series can be read as a STANDALONE. (Although with all these hot, delicious bad-boys and sassy bad-ass women I completely endorse reading all of them.)
