African Foreign Policy and Diplomacy from Antiquity to the 21st Century Daniel Don Nanjira

African statehood predates that of Europe, as well as the rest of Western civilization, and yet by imposing Western values on Africa and its peoples, European colonialism destroyed Africa's paradigm of statehood along with its value systems that were ideally suited for this majestic continent. This two-volume book provides a comprehensive survey of the issues and events that have shaped Africa from remotest antiquity to the present, and serves as the foundation of Africa's international relations, diplomacy, and foreign policy.

The first volume of *African Foreign Policy and Diplomacy from Antiquity to the 21st Century* discusses the determinants of Africa's diplomacy from antiquity to the 18th century; the second volume addresses the further developments of its foreign policy from the 19th to the 21st century.
