**Accounting Theory: Conceptual Issues in a Political and Economic Environment** Harry I. Wolk, James L. Dodd, John J. Rozycki

Balancing accounting theory with practical issues, this thoroughly updated **Eighth Edition** of **Accounting Theory: Conceptual Issues in a Political and Economic Environment** continues to identify the conceptual elements of accounting theory and successfully applies those elements to practice. Starting with a historical perspective on accounting standards, the book provides an important overview of accounting and financial issues in *economic and political contexts*, providing students with a strong conceptual framework. Relating theoretical issues to real world examples from the popular press, the **Eighth Edition** connects the content to students' lives. In addition, the authors use learning tools such as questions, cases, problems, and writing assignments, many from corporate annual reports, to help students gain a strong understanding of accounting theory concepts.
