EU Digital Copyright Law and the End-User Giuseppe Mazziotti

To what extent is the user of a copyrighted digital work entitled to make a copy for personal use of the work without the copyright holder's consent? Are file-sharers shielded from copyright liability under the exception of private copying when they download music files from peer-to-peer networks for free? May Digital Rights Management (DRM) technologies solve the digital copyright dilemma and become "user-friendly"?

These are some of the questions that this book considers in its thorough exploration of the legal framework of EU digital copyright law from the perspective of the 'end-user'. It provides a detailed examination of the implications that the spectacular rise of this new actor creates for the interplay between the EU copyright system and human rights law, competition law and other important policies contained in the EC Treaty.

This book is the first comprehensive, critical analysis of its kind. It is crucial reading for lawyers, policymakers and academics interested in copyright law, competition law covering digital media and information technology, consumer digital rights, Internet governance, freedom of expression and user data protection in digital settings.

Aubrey Smith:

Within this era which is the greater man or who has ability to do something more are more valuable than other. Do you want to become one among it? It is just simple way to have that. What you must do is just spending your time little but quite enough to have a look at some books. One of many books in the top checklist in your reading list is actually EU Digital Copyright Law and the End-User. This book and that is qualified as The Hungry Inclines can get you closer in turning out to be precious person. By looking upwards and review this guide you can get many advantages.

Charline Bynum:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some reserve, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to the library. They go to there but nothing reading significantly. Any students feel that reading is not important, boring along with can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this EU Digital Copyright Law and the End-User can make you feel more interested to read.
