Here, at last, is a revised and expanded edition of this award-winning breeders' reference. Successful Dog Breeding is a book for the first-time breeder and longtime fancier alike, no matter what the breed. Down-to-earth practical information is given to cover virtually every contingency associated with breeding and whelping. Presented in a humorous format, even the most serious information is made easier to understand.

Chris Walkowicz and Bonnie Wilcox, D.V.M., are both veteran dog fanciers who bring a wealth of personal and professional experience to every chapter. Covering topics from planning the breeding (should I or shouldn't I?) to problems encountered in breeding, delivery and neonatal care, the authors offer viable solutions to innumerable problems, whether old or new. Two highly extensive appendices on breed idiosyncrasies, compiled from correspondence with longtime fanciers as well as from research from veterinary journals, complete the abundance of information offered here. All of this is complemented by original drawings by the well-known canine artist Mary Jung.
