Across Borders: Latin Perspectives in the Americas Reshaping Religion, Theology, and Life

Across Borders: Latin Perspectives in the Americas Reshaping Religion, Theology, and Life

While work in theology and religious studies by scholars in Latin America and by Latino/a scholars in the United States has made substantial contributions to the current scholarship in the field, there are few projects where scholars from these various contexts are working together. *Across Borders: Latin Perspectives in the Americas Reshaping Religion, Theology, and Life* is unique, as it brings leading scholars from both worlds into the conversation. The chapters of this book deal with the complexities of solidarity, the intersections of the popular and the religious, the example of Afro-Cubanisms, the meaning of popular liberation struggles, Hispanic identity formation at the U.S. border, and the unique promise of studying religion and theology in the tensions between North and South in the Americas.
