Venera Fanning was last seen falling into nothingness at the end of *Sun of Suns*. Now, in *Queen of Candesce*, Venera finds herself plunging through the air between the artificial continents of Virga, far from home and her husband, who may or may not be alive. Landing in the ancient nation of Spyre, Venera encounters new enemies and new friends (or at least convenient allies). She must quickly learn who she can trust, and who she can manipulate in order to survive. *Queen of Candesce* is her story.
