La nueva bandera de los Estados Unidos debería ser con las rayas blancas pintadas de negro y las estrellas sustituidas por un cráneo y dos huesos cruzados. Mark Twain

A pesar de que han sido sus novelas las que han llevado a considerar a Mark Twain como uno de los más notables escritores estadounidenses, su obra ensayística y periodística, caracterizada por una lúcida ironía, merece actualmente una mayor difusión. En especial los escritos de sus dos últimas décadas de vida, en los que ante las políticas militaristas y expansionistas de su país en Cuba y Filipinas, Twain asume una posición abiertamente antiimperialista.

El presente volumen reúne una amplia selección de escritos políticos y de crítica social, agrupados temáticamente según se centren en el naciente imperialismo estadounidense de la segunda mitad del siglo XIX, sus crónicas de viaje por Hawái, África del Sur y Australia, sus escritos a favor de las revueltas contra el despotismo zarista en Rusia, sus simpatías por los chinos en la Guerra de los Boxers y sus críticas a la política imperial desarrollada por Bélgica en el Congo.

Destacan sus escritos sobre la guerra hispano-estadounidense por Cuba, en los que queda claro el cambio de su posicionamiento. Cierran el volumen diversos escritos sobre raza, género y religión, donde también se puede apreciar la evolución del pensamiento de Twain desde posturas relativamente conservadoras a una lectura mucho más crítica y con enorme sensibilidad social de los acontecimientos mundiales que caracterizaron los inicios del siglo XX.

Este libro nos da la oportunidad de conocer no sólo al artista, al eficaz narrador de historias, sino al político, al hombre de acción. Un intelectual crítico y visionario que un siglo después sigue siendo una de las voces más actuales de nuestro tiempo.
