Where there's smoke, there's fire...and passion that won't be denied.

The child of a gypsy and fey, small-town veterinarian Dr. Anastasia Brannon has always hidden her magic for fear of ridicule. A red-hot encounter with the new PI in town makes their attraction impossible to deny. Throwing caution to the wind, she indulges her desires but keeps her secrets close.

A man with a shady past and secrets of his own, Howl Raven uses his feral talents and tracking skills to make a living, doing his best to lay low and hide the curse that haunts him every month. So far, so good...until an uncontrollable shift outside the full moon leaves him the victim of a werewolf hunter.

When she finds the enigmatic investigator wounded in the woods near her cabin during a storm, Ana provides medical care on instinct. She may be the only one who can banish the wolf from Howl's blood, but at what cost?
