Legal Analysis

David S. Romantz, Kathleen Elliott Vinson

Legal Analysis David S. Romantz, Kathleen Elliott Vinson

The second edition of *Legal Analysis, the Fundamental Skill*, continues to teach students the critical skills of legal reasoning. This popular book is a practical and clear guide that explains the many ways lawyers analyze the law. The authors demystify legal analysis by examining the foundations and methodology of legal problem solving and by discussing the different levels of critical thinking necessary to develop effective legal arguments. The book emphasizes the importance of applying the law as opposed to relying excessively on formulaic methods of analysis. New to the second edition, the book examines rule-based reasoning and the implicit rule; deductive analysis and resolving statutory ambiguity; case-law reasoning and inductive analysis; the role of policy in legal argument; and the structure and variations of legal argument and CREAC. New examples and exercises are also included.
