Ah, what would popular culture be without characters such as Lindsay Lohan and Mel Gibson, along with the pop culture--centric media that covers them? For starters, Doug Bratton's *The Deranged Stalker's Journal of Pop Culture Shock Therapy* might not exist, and, well, that would be very sad indeed. Inside *The Deranged Stalker's Journal of Pop Culture Shock Therapy*, Bratton skewers pop culture icons ranging from Sesame Street's Bert and Ernie to Harry Potter.

Fashioned as a mock-style journal whose author is just a little bit unstable, *The Deranged Stalker's Journal of Pop Culture Shock Therapy* lambasts the best--and worst--of popular culture, one cartoon panel at a time. From recent news headlines to celeb-inspired mockumentaries, Bratton offers a humorously skewed view of fame, popular culture, and American Idol-worship. So if you are one of the millions of people who often wonders what it would be like if a psychopath and his imaginary friend kept a journal of a funny-yet-obscure comic that will most likely never appear in your newspaper, this is certainly the book to read!
