Hacker Mom Austen Rachlis

Becky Taylor seems like a typical suburban stay-at-home mom with a loving husband and an adorable son, but she has a secret. In between juggling judgmental playgroup moms, an intense career-minded prosecutor of a husband, and a sister who can't stop reminding her of her old ambitions, Becky moonlights for one of the world's most controversial websites, helping to expose state and corporate secrets. To make matters worse, now the feds are on her tail.

The more complicated Becky's life becomes, the more equipped she feels to handle it. Who says you can't be one of the world's most dangerous international whistleblowers and still make a killer meatloaf?
