The Optimists

Andrew Miller

The Optimists Andrew Miller

Clem Glass was a successful photojournalist, firm in the belief that photographs could capture truth and beauty. Until he went to Africa and witnessed the aftermath of a genocidal massacre.

Clem returns to London with his faith in human nature shattered and his life derailed. Nothing-work, love, sex- can rouse his interest and no other outlook can restore his faith. The one person Clem is able to connect with is his sister, who has made her own sudden retreat from reality into the shadows of mental illness, and he finds some peace nursing her back to health in rural Somerset. Then news arrives that offers him the chance to confront the source of his nightmares.

From the celebrated author of *Ingenious Pain* and *Oxygen*, this is a masterfully rendered novel that explores the perilously thin line between self-delusion and optimism.
