A User's Manual to the PMBOK Guide Cynthia Stackpole Snyder

The professional standard in the field of project management, A Guide to the Project Management Body of Knowledge better known as the *PMBOK® Guide* published by the Project Management Institute (PMI) serves as the ultimate resource for professionals and as a valuable studying and training device for students taking the PMP® exam.

A User's Manual to the *PMBOK® Guide* takes the next logical step to act as a true user's manual. Its accessible format and easy-to-understand language helps to not only distill essential information contained in the *PMBOK® Guide*—Fourth Edition, but also fills an educational gap by offering instruction on how to apply its various tools and techniques. This book:

- Defines each project management process in the *PMBOK® Guide*—Fourth Edition, describes their intent, and discusses their individual ITTOs (inputs, tools and techniques, and outputs)
- Features examples, handy tips, and sample forms to supplement learning
- Is written by the author who was project manager of the *PMBOK® Guide*—Fourth Edition
- Contains a data flow diagram of each process in the *PMBOK® Guide*—Fourth Edition to show how information is distributed

A User's Manual to the *PMBOK® Guide* simplifies the *PMBOK® Guide*—Fourth Edition to provide the springboard from which successful project management processes are interpreted and carried out in the real world. Thorough in coverage and rich in content, this manual is a worthy companion to augment the important strategies laid out in the *PMBOK® Guide* Fourth Edition—and the one book that aspiring or professional project managers should never be without.

From reader reviews:

Stacey Thompson:

The book A User's Manual to the PMBOK Guide can give more knowledge and information about everything you want. Why then must we leave a good thing like a book A User's Manual to the PMBOK Guide? Some of you have a different opinion about reserve. But one aim that book can give many info for us. It is absolutely right. Right now, try to closer with your book. Knowledge or info that you take for that, you are able to give for each other; you could share all of these. Book A User's Manual to the PMBOK Guide has simple shape but the truth is know: it has great and big function for you. You can appearance the enormous world by available and read a e-book. So it is very wonderful.

Christopher Suttle:

Many people spending their time frame by playing outside using friends, fun activity together with family or just watching TV the entire day. You can have new activity to enjoy your whole day by looking at a book. Ugh, ya think reading a book can definitely hard because you have to accept the book everywhere? It okay you can have the e-book, getting everywhere you want in your Smart phone. Like A User's Manual to the PMBOK Guide which is getting the e-book version. So , why not try out this book? Let's find.

Sergio Terry:

Do you like reading a publication? Confuse to looking for your best book? Or your book ended up being rare? Why so many issue for the book? But any kind of people feel that they enjoy to get reading. Some people likes examining, not only science book and also novel and A User's Manual to the PMBOK Guide or even others sources were given understanding for you. After you know how the truly great a book, you feel wish to read more and more. Science publication was created for teacher or students especially. Those publications are helping them to include their knowledge. In some other case, beside science reserve, any other book likes A User's Manual to the PMBOK Guide to make your spare time a lot more colorful. Many types of book like this one.

Michael Barth:

As a pupil exactly feel bored for you to reading. If their teacher questioned them to go to the library or to make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their leisure activity. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this A User's Manual to the PMBOK Guide can make you experience more interested to read.
