Iveonte - volume secondo (Italian Edition) Luigi Orabona

I primordi della nostra storia si perdono oltre i confini del tempo, precisamente quando Kosmos, cioè l'universo, era già stato creato da Splendor da vari milioni di anni, per esplicita richiesta delle divinità benefiche che erano derivate da lui. Così, dopo la sua creazione, molte di loro avevano lasciato Luxan, che era il Regno della Luce, e si erano trasferite nella novella realtà concreta, la quale era assoggettata alle rigorose leggi della materia e del tempo. Le divinità in questione avevano avvertito tale desiderio come un'intima esigenza, che le spingeva ad attivarsi per tutti gli esseri materiali forniti d'intelligenza, ai quali davano il nome di Materiadi. Esse intendevano rendersi utili alla totalità di loro, però a condizione che la condotta di ciascuno s'ispirasse ai sani principi del bene e della giustizia. Purtroppo anche un ingente numero di divinità malefiche, residenti in Tenebrun, che era il Regno delle Tenebre, avevano voluto approfittare della stessa creazione. I contrasti tra le divinità positive e quelle negative culminarono in una colossale battaglia, la quale verrà tramandata con il suo nome appropriato, che è teomachia, ovvero conflitto tra dèi. Dalle divergenti opinioni, che nasceranno tra i due tipi di divinità, si svilupperanno diversi episodi che accompagneranno il lettore lungo l'intero percorso narrativo, tenendolo di continuo con il cuore trepido e il fiato sospeso. Per sua fortuna, a tenergli l'animo risollevato e fiducioso ci penserà Iveon, il dio dell'eroismo, che si dimostrerà insofferente verso ogni forma d'ingiustizia e di sopraffazione.
