Rubén Jaramillo Vélez

Modernidad, nihilismo y utopía (Filosofía) (Spanish Edition) Rubén Jaramillo Vélez

Aunque los siete ensayos que conforman este libro se originaron en diferentes oportunidades en la forma de conferencias universitarias, ellos se integran a una reflexión orgánica sobre la problemática de la modernidad considerada en diferentes perspectivas. Sobre lo que en este contexto queremos llamar la atención es sobre las consecuencias que todo ello tiene para el proceso del conocimiento: en realidad, en mayor o menor medida, el (des)conocimiento, en toda su complejidad y variedad, de las causas efectivas de los procesos, la sustitución de la genuina indagación por la mera comprobación de los hechos, a la cual, en la dimensión moral, social y política corresponde la represión en el sentido freudiano del término y, por lo tanto, el encubrimiento a través de la racionalización legitimadora.
