Things have not been what they seem. Spawn, Nyx and The Redeemer have all been playing right into Mammon's hands. Spawn and The Redeemer fight among themselves, with Spawn pinning down The Redeemer and threatening him with his own sword. Mammon reveals to Nyx that she has not only betrayed Spawn, but also been tricked into giving Mammon her connection with the Hellspawn. And it should only be a matter of time before the world finds out what Mammon plans to do with this newfound power.

From reader reviews:

Edward Carter:

In this 21st one hundred year, people become competitive in every way. By being competitive at this point, people have to do something to make themselves survive, being in the middle of the crowded place and noticed by means of surrounding. One thing that occasionally many people have underestimated is reading. Yes, by reading a guide your ability to survive improves then having a chance to stand out is high. For you personally who want to start reading a new book, we give you this particular Spawn #143 book as a starter and daily reading book. Why, because this book is usually more than just a book.

Betty Dansby:

People living in this new morning of lifestyle always aim to and must have free time or they will get a wide range of stress from both ways of life and work. So, whenever we ask if people have free time, we will say absolutely yes. People are human, not really a robot. Then we request again, what kind of activity do you do when your spare time comes to you? Of course your answer may be unlimited. Then do you ever try this one, reading textbooks. It can be your alternative with spending your spare time, often the book you have read will be Spawn #143.

Martin Herrin:

This Spawn #143 is a great e-book for you because the content is full of information for you who also always deal with the world and get to make a decision every minute. This kind of book reveals its data accurately using great arrangement of words or we can say no rambling sentences inside. So if you read this hurriedly you can have the whole data in it. Doesn't mean it only gives you straight forward sentences but tricky core information with splendidly delivered sentences. Having Spawn #143 in your hand is like obtaining the world in your arm, details in it are not ridiculous. We can say that no book offers you the world within ten or fifteen moments, but this publication already does that. So, it is a good reading book. Hey Mr. and Mrs. active, do you still doubt that will?

Rosa Felton:

As a pupil, I exactly feel bored to help with reading. If their teacher questioned them to go to the library in order to make a summary for some book, they are complained. Just small students that have reading's spirit or real their passion. They just do what the educator wants, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this time, many ways to get whatever we wish. Likewise words say, ways to reach Chinese's country. So, this Spawn #143 can make you more interested to read.
