## Chapter 001, The Regulatory Disordered Infant and Child (Practical Resources for the Mental Health Professional) Sharon Johnson

NOTE: This is a single chapter excerpted from the book *Therapist's Guide to Pediatric Affect and Behavior Regulation*, made available for individual purchase. Additional chapters, as well as the entire book, may be purchased separately.

Modeled on the author's bestselling *Therapist's Guide to Clinical Intervention*, this new book on child clinical intervention presents much of the material in outline or bullet point format, allowing easy understanding of complex material for the busy therapist. This clinician's guide to diagnosing and treating disorders in children includes definitions of the disorder, diagnostic criteria, the neurobiology of the disorder, information on functional impairment, treatment planning, and evidence-based interventions. The book additionally offers adjunctive skill building resources to supplement traditional therapy choices as well as forms for use in clinical practice.

Provides business and clinical forms for use with child patients
