## **Fukushima: What You Need to Know** Mark Heley

*Fukushima: What You Need to Know* is a concise but comprehensive guide to the disaster at Fukushima and its ongoing consequences. Presenting a solution-based approach, Mark Heley details the current problems and future potential risks and offers balanced information about what we can do about them.

The book covers:

- The extent of the pollution from Fukushima and what and where the dangers are
- The real risks from radiological pollution and the protective measures you can take
- Possible solutions for stopping the ongoing contamination and cleaning up the damage already done
- A call for meaningful international collaboration and the ending of the era of secrecy and cover-ups about the risks of nuclear power
