*Pere Estupinyà*

**Rascar donde no pica (Endebate): Las B olvidadas de El ladrón de cerebros (Spanish Edition)** Pere Estupinyà

**Pere Estupinyà, periodista científico, entrevista a los cerebros más brillantes del planeta para contarnos qué sucede en los laboratorios más punteros y cuáles son los descubrimientos más importantes y sorprendentes de los últimos tiempos.**

«Os presento *Rascar donde no pica*, un libro electrónico con las "B" olvidadas que no entraron en *El ladrón de cerebros*. Editado por Debate y con portada de Kukuxumusu, en unas 60 paginitas os hablo de por qué nos gusta más el libro que la película, de que la monogamia es natural pero la fidelidad no, del respeto a Francis Bacon que debería tener la astrología, de agujeros negros chiquititos, de si la pronta aparición de canas indica envejecimiento más rápido o no, de neurocientíficos que borran recuerdos, de genes que hacen crecer músculo sin necesidad de ejercicio, de teoría de la mente, de porqué según la economía conductual insistir es lo peor para conseguir que te hagan caso, yde porqué cuando sales de viaje debes procurar que tu último día sea el mejor.

»Quienes tengáis un lector electrónico, lo conseguís en segundos por 1,49 euros. ¡Espero que os guste!»
