America's Religions: An Educator's Guide to Beliefs and Practices John T. Hatfield, Benjamin J. Hubbard, James A. Santucci

Today, with all of the controversies surrounding religion in the schools and in the public sphere, it would seem more important than ever that teachers and librarians have a quick source to up to date, correct, unbiased information to give to patrons and students and to inform their classroom practices. The authors of this book (all are or have been professors of religion at various well known universities) do just that. Using this dictionary of religion and culture, teacher will have access to the understanding they need to build unbiased classrooms. The idea for this book came out of the experience of practicing classroom teachers in public schools as they tried to build classroom environments grounded in respect for the many cultures and religions represented. In his foreword for the book, school administrator, David Hubbard discusses the need to develop the trained eye in educators so that they can see their classrooms from the perspective of persons from all religious beliefs. The book is arranged to cover most all of the known (and little known) religions in America from the Bahai Faith to Zoroastrianism. Each section covers topics: Origins, Beliefs, Sacred Book/Scriptures, Practices, Main Subgroups, Common Misunderstandings and Stereotypes, Classroom Concerns, Population Data and Further Readings as well as noting current web page addresses if available. Though there are many guides to religions in America, this book has the unique niche of looking at each religion as it may affect teacher practice in the classroom and other student groups- thus its appeal to public and school libraries as well as classroom teachers and other youth leaders.

From reader reviews:

Elsie Canada:

Reading a reserve tends to be new life style with this era globalization. With looking at you can get a lot of information that may give you benefit in your life. Using book everyone in this world can share their idea. Guides can also inspire a lot of people. Many author can inspire their particular reader with their story or maybe their experience. Not only the storyplot that share in the publications. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors on this planet always try to improve their proficiency in writing, they also doing some analysis before they write with their book. One of them is this America's Religions: An Educator's Guide to Beliefs and Practices.

David Waymire:

Playing with family in a park, coming to see the ocean world or hanging out with good friends is thing that usually you have done when you have spare time, and then why you don't try factor that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love America's Religions: An Educator's Guide to Beliefs and Practices, you can enjoy both. It is great combination right, you still desire to miss it? What kind of hangout type is it? Oh come on its mind hangout men. What? Still don't understand it, oh come on its named reading friends.

William Leone:

On this era which is the greater man or who has ability to do something more are more important than other. Do you want to become one of it? It is just simple strategy to have that. What you are related is just spending your time not very much but quite enough to possess a look at some books.
